

PLANTATION SITE VISIT

25.03.2023

On 25th March, 2023 (Saturday) NSS PUC Unit visited NSS PUC Tree Plantation Site at Thiak below midum kham and weeded the area using a brush cutting machine and machetes. The volunteers and Programme Officers also cleared plastic wastes around the Plantation Site. Two (2) Programme Officers and one (1) faculty including 4 male volunteers and one female volunteer participated in the program.

Last year, 10 (ten) new saplings were planted and fortunately, 6 (six) have survived. Since there were a lot of plastic garbage on the roadside, the plastic wastes were picked up and disposed by the NSS Team.
