

**DEPARTMENT OF BIOTECHNOLOGY  
PACHHUNGA UNIVERSITY COLLEGE**

**Report On  
1<sup>st</sup> Semester PARENTS TEACHERS MEET**

The Department of Biotechnology organized Parents-Teachers Meet for the 1<sup>st</sup> Semester students on 25<sup>th</sup> October 2023, at 1:30 P.M. in the departmental room. A total of 12 parents/guardians attended the meeting. Dr. Liansangmawii Chhakchhuak, Head of the Department, warmly welcomed the parents and delivered an introductory speech about the faculties, college, and department.

The main aim of the meeting was to create a common platform where both the parents and teachers could discuss the overall performance and issues faced, and share ideas that could enhance the well-being of students.

Dr. C. Lalmuansangi gave a brief overview of the subjects taught and the pattern of internal assessment. She presented a one-on-one detailed report of the students' performance based on their CAT-1 & CAT-2 results, and regularity in the class. She also highlighted the areas where the students needed to be monitored.

Dr. Zothanpuia explained about the NEP system which includes the curriculum and credit framework, university exam passing eligibility criteria, and the importance of attendance. He also demonstrated how to access the college website and the ERP system.

This was followed by an active discussion and doubt-clearing session between the parents and teachers. Parents gave very positive feedback on the program and expressed their satisfaction and gratitude towards the quality of education in the college and the department. A vote of thanks was offered by the Head, Dr. Liansangmawii Chhakchhuak to all the parents/guardians of the students who made themselves available and made the programme an overall successful and fruitful experience for both the parents and teachers.
