A Brief Report on Faculty Exchange Program

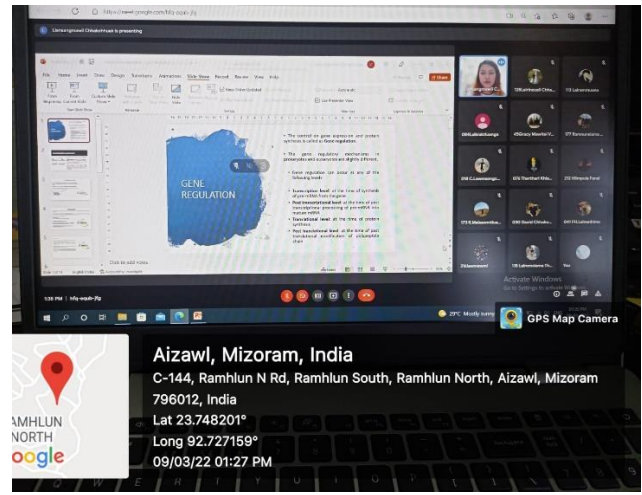

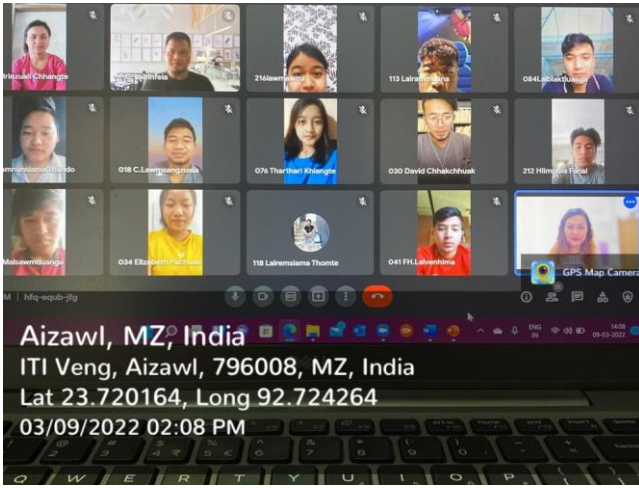

09 March 2022

A faculty exchange program was conducted between Department of Biotechnology, Pachhunga University College and Department of Biochemistry, Government Zirtiri Residential Science college in fulfilment of the MoU signed between the two departments. The program was conducted online via google meet. The invited talk was given by Dr. Liansangmawii Chhakchhuak, Assistant Professor and Head, Department of Biotechnology, Pachhunga University College.

The program commenced with an introductory speech from Dr. PC Lalrinfela, Department of Biochemistry, Government Zirtiri Residential Science College. He welcomed and introduced the resource person to 4th semester B.Sc students(Biochemistry), Government Zirtiri Residential Science College. The topic for the program was "Operon Concept". Dr. Sangmawii explained gene regulation in prokaryotes and gave a detailed lecture on bacterial operon, *lac* operon, *trp* operon and the mechanism of attenuation. A total of 13 students attended the lecture. The program was a fruitful one and it was concluded with a vote of thanks from Dr. PC Lalrinfela.
