OBSERVANCE OF INTERNATIONAL LITERACY DAY

Every year, International Literacy Day is observed on 8 September all over the world. Since 1967, International Literacy Day celebrations have taken place annually around the world to remind the public of the importance of literacy as a matter of dignity and human rights, and to advance the literacy agenda towards a more literate and sustainable society. Through the celebration of this day, UNESCO calls on all actors in the field of education and beyond to rethink the role of literacy and education.

International Literacy Day was observed by the Faculty members and V Semester Core students of the Department on 8.9.2022. A presentation was given on the topic 'Relevance of Literacy' by Dr. Lalchhuanmawii and 'Transforming Literacy Learning Spaces' by Mr. Lalrinnggheta. 49 students and all Faculty members attended the programme.
