

DEPARTMENT OF PSYCHOLOGY

Psychological assessments and life-skills training at Lungleng Village:

The Department conducted training and assessment on The faculty members of the department visited Lungleng Village where they held a Life-Skill Training for students at the Primary, Middle and Secondary levels around 150 students participated in this training. SS-LVNS and Self-Esteem Tests (psychological assessments) were conducted among the High School students. A talk was also held with the teachers of these schools regarding what problems the students faced the most as well as any area where the Department could provide assistance to on their next visit to the village.
