

DEPARTMENT OF PSYCHOLOGY

Study tour:

A study tour programme was organised for 5th semester students between 5th December- 14th December, 2017 at Ashadeep, Guwahati where students attended classes and awareness programmes on mental health issues. Asha Deep Foundation is a Non Profit Organization carrying out development activities since last 35 years in five States of India (Delhi, Mumbai, Chennai, Haryana and Uttar Pradesh). Since its inception the emphasis was given on the holistic development of the community people with a special focus on education, health, skill training and placements. Over its long journey, the foundation has successfully launched its centres in five states of India (Delhi, Mumbai, Chennai, Haryana and Uttar Pradesh). The foundation is running numerous projects placing special focus on Education, Health, Skill, Trainings and Placements. ADF is trying to place focus on the lower section of the society who are unable to access basic level of resources for existence. ADF has over 23 projects running which span from mother and child care till the end of the life cycle. All people of community including women, children, senior citizen, physically challenged and orphan and destitute are being benefited by the projects. The students are given training in various fields of social development and community service.
