

WEBINAR ON INNOVATION, ENTREPRENEURSHIP AND TECHNOLOGY

16TH March, 2022, 8:00 PM @ Zoom

Organised jointly by Innovation Club, PUC & Entrepreneurship Knowledge Cell, PUC

Resource Person: Mr. P. C. Lalngilneia, Scientific Officer, MISTIC

The program was chaired by Dr. Lalmuanpuia Vanchhawng, Chairman, Innovation Club. Welcome Address was delivered by Dr. Jamie Zodinsangi Hrahsel, Member, Innovation Club, and a vote of thanks by Dr. Rohmingmawii, Secretary, Entrepreneurship Knowledge Cell, PUC.

The Webinar on Innovation, Entrepreneurship and Technology encompasses the vision of introducing innovative ideas into day-to-day activities falling under all the relevant areas of technology, engineering and social sciences (management & economics). The Webinar was aimed to create a platform that can motivate the participants to bring about some changes and innovation in the traditional methods of production, operations, marketing, etc. and to cultivate to students who are full of innovative ideas and entrepreneurship a desire to become future entrepreneurs. The lecture of the Resource Person truly delivered the desired goal. A Q&A round followed.

The Zoom room could hold a maximum of 300 participants, and the room was full almost throughout the talk. The participants came from various disciplines. It was a very interesting session, very motivating and challenging to the students as well as the teachers.
