Fifth Batch of ECOCLUB members of PUCEN Carried out awareness activity at Gov't Bethlehem Vengthlang High School on the 15<sup>th</sup> of April, 2019. A school level awareness programme was held at Gov't Bethlehem Vengthlang High School on the 15<sup>th</sup> of April, 2019 (Monday) on the topic of "Water Conservation", organised by 6<sup>th</sup> semester students, Department of Environmental science on behalf of the Eco Club, Pachhunga University College. Twenty-seven (27) students are participate in these awareness programme. They reach the college at 8:30 am and depart from the College at around 9:30 am and reach the school at 9:45 Am. By that time the school was having Devotion service. After finishing the devotion, the Principal along with his Colleague are so delighted meeting with Ecoclub team, thank them for coming to the school. We also thank them for giving permission for the awareness programme. Without them we could not make it possible. The School is located down side of Bethlehem Vengthlang Area. It is around 30 minutes' walk from P.U.C to School. The environment around the school is Good, there are less vehicle passing by. From our observation It is clear that the students were aware about the cleanliness of school and its surrounding, that is why the School is Clean, the students are also clean. The air quality is good and it is very refreshing. Ecoclub team noticed that the school has planted many trees around the campus. They have around 86 students and 11 teachers. Ecoclub team are separated into three team/groups, each group have 9 students, to go to the different rooms. There is one section in Class X and Two sections (A & B) in class IX. Each group had a group leader.
