The program was conducted in order to have a formal induction of the newly recruited teachers who joined the college during the Winter Break of 2019. The program basically allowed various important processes of the college to be explained briefly by teachers who were in charge. All speakers invited for the program were allotted 10 to 15 minutes each and a Q&A session was opened at the end of the program. The program was attended by all newly recruited teachers. The program generated opportunities for the new teachers to have formal acquaintance with the senior teacher and also learn the different systems and processes the college follows. The topics covered by the invited speakers were all crucial part of the college’s functioning hence the program provided opportunities for the newly recruited teachers to ask and clarify their doubts. The program was a huge success.
