## **Brief Report of** **TRAINING on PUC ERP SYSTEM**

Dated: 20-9-2019

Venue: Principal's Conference Hall

A brief training was conducted by IQAC for the Information and Technology Cell of the college on the newly acquired PUC ERP System. The Training was given by representatives from *Hereus* namely Mr. Lalchhandama, who developed the ERP System for the college. The trainer explained the importance of the ERP system and how it can be used to manage the entire Administrative, Exam, Library and Students' Data. He also mentioned that the system will be CLOUD based which will enable users to access the system from anywhere. The ERP system will also enable teachers to upload their entire academic data which the students will be able to access easily. The ERP system will also be used extensively by the IQAC of the College. It will be through the ERP that the effective quality checking mechanism will be implemented. Various reports of the college such as, DMR, DSR and DAR will be uploaded via the IQAC Portal inside the ERP.

The training programme was chaired by the Principal Dr. Tawnenga and members of the IT Cell reported that they benefitted a lot from the training program.
