IQAC PLAN 2025 -2026

1	Preparing students to face competitive examinations	It is crucial for the college to prepare the students for competitive examinations apart from their degree studies
2	Organizing Academic and Administrative Audit (AAA)	To evaluate the effectiveness and efficiency of our academic progress and its administrative functions and to recommend corrective actions for its enhancement, AAA will be organized.
3	Organize at least one parent-teacher meeting for parents of newly admitted students.	Creation of the atmosphere of cooperation and coordination between the parents and faculty members is very important to support the students' academic progress and overall development.
4	More exposure and extension activities	Theoretical knowledge and its application in the real world are very important. More exposure and extension activities will provide the platform for students.
5	Organize data management workshops for NIRE, NAAC, etc.	Different kinds of quality assessment require different data management. A workshop will be organized to familiarize the faculty members.
