Based on the findings mentioned above, the college took actions such as:

1. Departments were strongly advised to provide report on attendances, classroom performances and CA result to stakeholder as early as possible. This should be our top priority.
2. Teachers were also advised to provide study materials to students as much as possible. Students should also be guided to access important educational sites in the internet.
3. Proper care should be given to students by working harder on tutor-ward program.
