Study tour:

A group of 31 students from 6th Semester along with two faculty members, namely, Sir Lalduhawma and Sir C. Zothanmawia, who also served as tour guides visited and explored Kolkatta (SAATHI) between 18th February – 9th March, 2017 as a part of study tour programme. This exposure trip helped the students to gain insight of the use of their subject in the field especially with regards to helping people in distress and in the field of rehabilitation. Extensive training was carried out in order to teach them to actualize their fullest potential in psychology. The Kolkata Branch Office of SAATHI was started in May 2002. It serves as SAATHI's Eastern India regional office. Programs in the Kolkata Office focus on information dissemination, research, networking, advocacy and training on interlinked issues of gender, sexuality, human rights, sexual and reproductive health, and HIV/AIDS prevention, care, support and treatment. This office implements programs in training and technical assistance with a focus on building the capacity of sexual health agencies in the eastern states. Most of the Kolkata programs involve partnerships with voluntary and government agencies working with sexual minorities, People Living with HIV (PLHIV), women, youth and other vulnerable populations in eastern and northeastern India. The Kolkata office contains and oversees a Reference Library with materials regarding sexuality, human rights, gender, sexual health, and HIV/AIDS.

DEPARTMENT OF PSYCHOLOGY

Study tour:

A study tour programme was organised for 5th semester students between 5th December- 14th December, 2017 at Ashadeep, Guwahati where students attended classes and awareness programmes on mental health issues. Asha Deep Foundation is a Non Profit Organization carrying out development activities since last 35 years in five States of India (Delhi, Mumbai, Chennai, Haryana and Uttar Pradesh). Since its inception the emphasis was given on the holistic development of the community people with a special focus on education, health, skill training and placements. Over its long journey, the foundation has successfully launched its centres in five states of India (Delhi, Mumbai, Chennai, Haryana and Uttar Pradesh). The foundation is running numerous projects placing special focus on Education, Health, Skill, Trainings and Placements. ADF is trying to place focus on the lower section of the society who are unable to access basic level of resources for existence. ADF has over 23 projects running which span from mother and child care till the end of the life cycle. All people of community including women, children, senior citizen, physically challenged and orphan and destitute are being benefited by the projects. The students are given training in various fields of social development and community service.

PACHHUNGA UNIVERSITY COLLEGE
DEPARTMENT OF ZOOLOGY
STUDY TOUR TO PALAK DIL
REPORT

Introduction:

A field visit was conducted for the 6th semester students of the Department of Zoology, Pachhunga University College on the 25th of February 2019 to the 1st of March 2019 (Five days) to Palak Dil (Palak Wildlife sanctuary), the biggest lake in the state of Mizoram located in Siaha District, the southern part of Mizoram. A total of twenty-two (22) students were accompanied by one teaching faculty and three non-teaching faculties of the college.

The destination:

Palak Dil. Or Pala Tipo, is the largest lake of Mizoram. It is located in the southern part of the state in Siaha District and serves as an important biodiversity reserve of the state. Surrounded by dense vegetation, the lake has been reported to host many important wild flora and fauna. The lake is located at a coordinate of 22°20'N 92°56'E. Besides being a the largest water body of the state of Mizoram, the lake is also the destination of many migratory birds.

Activities:

Students made careful observations on the various flora and fauna surrounding the lake. Plankton specimens were collected for observation at the laboratory. Besides this, no other specimens were collected. However, the students got to witness many important wild plants, birds and animals in their biological habitat. Real-time on the spot lectures on the biodiversity of Palak Dil were conducted by the faculty.

PACHHUNGA UNIVERSITY COLLEGE
DEPARTMENT OF ZOOLOGY
STUDY TOUR TO PHAWNGPUI NATIONAL PARK
REPORT

Introduction:

A field visit was conducted for the 6th semester students of the Department of Zoology, Pachhunga University College on the 17th of February 2020 to the 21st of February 2020 (Five days) to Phawngpui National Park, an important biodiversity reserve located in the southern part of Mizoram. A total of twenty-two (22) students were accompanied by one teaching faculty and three non-teaching faculties of the college.

The destination:

Phawngpui National Park is one of the two national parks situated in the state of Mizoram. The park is located approximately 300 kms from Aizawl city with a coordinate of 22°40'N 93°03'E. Besides being a national park, the highest mountain peak of the state, Phawnpui tlang, often called Blue Mountain, is present. The peak of the mountain is reported to be 2157 m above sea level. The national park is habitat to many wild flora and fauna, some of which are reported to be endemic to the Indo-Myanmar forests. Among these plants and animals, the famous Mrs. Hume's pheasant, the state bird of Mizoram is one of them.

Activities:

The students made careful observations on the various flora and fauna of the national park. However, no specimens were collected since no biological article must not be collected from a national park. However, the students got to witness many important wild plants and animals in their biological habitat. Real-time on the spot lectures on the biodiversity of Phawngpui National Park were conducted by the faculty.

DEPARTMENT OF ZOOLOGY
STUDY TOUR TO SHILLONG, MEGHALAYA 2017
REPORT

Introduction:

An educational tour was held for the 5th semester students of the Department of Zoology, Pachhunga University College on the 4th of December 2017 to the 7th of December 2017 (Four days) to Shillong, Meghalaya. A total of twenty-five (25) students were accompanied by two teaching faculties. Lodging was at the Old Guest House of North Eastern Hill University (NEHU), Shillong, Meghalaya. The various science departments and the laboratories of NEHU were visited. Sophisticated instruments not available in Mizoram were observed by the students with detailed on the spot lecture by the accompanying faculties.

The students were also taken to other important places of Shillong such as North Eastern Indira Gandhi Regional Institute of Health & Medical Sciences (NEIGRIHMS), one of the largest and most well-equipped hospital in Northeast India; Shillong Golf Link, Lady Hydari Park (a small zoo with various exotic fauna), Police Bazar, Bara Bazar, etc.
