

### CHIEF PATRON

Prof. Dibakar Chandra Deka  
Vice Chancellor, MZU

### PATRON

Prof. H. Lalthanzara  
Principal  
Pachhunga University College

### CONVENER

Prof. H. Lalruatsanga  
Dept. of Botany, PUC

### CO-CONVENERS

Prof. K. Lalchandama,  
Dept. of Life Sciences, PUC  
Zodinpui  
Dept. of Botany, GZRSC

### SECRETARY

Dr. P.C. Vanlalhluna  
Dept. of Botany, PUC

### TREASURER

Dr. Vanlalhruii Ralte  
Dept. of Botany, PUC

### ORGANISING COMMITTEE:

Dr. Bendangchuchang Longchar  
Zothanmawia  
Dr. Remruattluanga Hnamte  
Lalbiakdika  
Dr. Garima Singh  
Dr. R. Lalengmawia  
Mary Lalthansangi

### ABOUT THE WORKSHOP

The workshop aims to enhance our understanding and appreciation of plant biodiversity in Northeastern India, specifically focusing on Mizoram. This region is renowned for its abundant and varied plant life, making it crucial for us to prioritize the preservation and protection of these species for the benefit of future generations. One of the main goals of the workshop is to offer practical training to participants in collecting, identifying, and classifying native plant species. By doing so, we not only expand their knowledge of the local flora but also equip them with the necessary skills to contribute effectively to ongoing conservation endeavors in the area.

The workshop will be led by experienced experts who possess extensive knowledge and expertise, ensuring that participants receive a comprehensive education in the field.

Preserving native plant species is another significant aspect of the workshop. Participants will learn about various preservation techniques and how to establish a standard herbarium, which serves as a valuable resource for future research and study. The creation of a standardized herbarium will not only serve as a reference for future botanists but also provide a documented record of the plant diversity in the region. This record will assist in monitoring any changes or declines in plant populations over time.

EVENT MANAGED BY:

Research Scholars and PG students of Dept. of Botany  
and Life Sciences, PUC

## 2 DAYS NATIONAL WORKSHOP ON PLANT DIVERSITY

of NE INDIA with  
Special Reference to MIZORAM

*Organised by*

Department of Botany & Department  
of Life Sciences  
PACHHUNGA UNIVERSITY COLLEGE,  
MIZORAM UNIVERSITY

*in collaboration with*

Department of Botany,  
GOVT ZIRTIRI RESIDENTIAL SCIENCE COLLEGE,  
MIZORAM

Funded by  
Mizoram University

## RESOURCE *Persons*

DR. H.S. THAPA  
Golaghat, Assam  
Former HoD  
Department of Botany  
PUC

DR. KRISHNA UPADHAYA  
Associate Professor  
Basic Sciences &  
Social Sciences Department,  
NEHU

*Keynote Speaker*  
DR. TAWNENGA  
Principal, MCC, Aizawl and  
Former Principal  
PUC

### ADDRESS FOR CORRESPONDENCE

Dr. P.C. Vanlalhluna  
Assistant Professor  
Department of Botany,  
Pachhunga University College

#### Email:

botany.puc@gmail.com

#### Phone no:

9862555793

### SCHEDULED

1<sup>st</sup> day (23<sup>rd</sup> May, 2023): SEMINAR HALL, PUC  
2<sup>nd</sup> day (24<sup>th</sup> May, 2023) : FIELD VISIT

### *About the College*

Pachhunga University College is a renowned institution of higher learning located in Aizawl, Mizoram, India. Established in 1958, it has a rich history of providing quality education to students from all over the region. The college offers a wide range of undergraduate and postgraduate courses in various disciplines such as arts, science, commerce, and management, and is affiliated with the Mizoram University. With a highly qualified faculty, modern facilities, and a vibrant campus culture, Pachhunga University College is a popular choice for students seeking a top-notch education in Mizoram.

### *Department of Botany*

The department was introduced in 1973 as a part of the Department of Biology and was established as a separate department in 1975. The department offers undergraduate courses in Botany and conducts research in various areas of plant science, including plant ecology, plant biotechnology, plant physiology, and plant taxonomy. The department is committed to providing students with a comprehensive understanding of the science of plants and preparing them for careers in academia, research, and industry.

### *Department of Life Sciences*

The department was established in 2018. It is a dynamic and innovative academic department dedicated to advancing knowledge and research in the fields of biology, biotechnology, and environmental science. With state-of-the-art facilities and a team of highly qualified faculty members, the department offers a comprehensive range of undergraduate and postgraduate courses that equip students with the skills and knowledge needed to tackle the challenges of the modern world.
