

## NSS PLANTATION SITE VISIT (18.02.2022)

On 18th February 2022 (Friday) 6 NSS P. O's and 14 NSS volunteers visited the NSS plantation site at Thiak. They left at 10:00 a.m from the college campus in the college bus. Two hoardings were erected to mark the Plantation site. The POs and volunteers cleared the area around the trees which had overgrown with weeds. The planted trees were also identified for the local name and scientific name and name plate will be prepared accordingly. The plastics and trash in the area were picked up and disposed. The POs are so grateful to the principal for providing the college bus.
