

Blood Donation Camp 2021

14th September 2021 & 30th September 2021

Blood Donation Camp was organised by NSS PUC Unit on 14th and 30th September, 2021. In keeping with the Standard Operating Procedure (SOP) laid out by the state government, it was decided that different days would be allotted to the different departments of the college. The first day of the Blood Donation Camp was held on 14th September, 2021 (Tuesday). The opening of programme was held at 10:00 a.m where the Principal Prof. H. Lalthanzara, gave a speech in which he encouraged the NSS volunteers to be an important part of society. He thanked the volunteers for their contribution in the previous years where the college had gained recognition because of the huge number of blood units donated voluntarily. Dr. Vanlaldinpuia, NSS Programme Officer, was the Chair of the programme. Twenty two (22) volunteers (18 Males & 4 Females) donated blood on this day. Due to the restriction which mandates that a person cannot donate blood after a certain period of getting Covid vaccine, there were a large number of students who could not donate on this day.

On 30th September, 2021 (Thursday), another Blood Donation Camp was organised which saw a huge turn out of volunteers. 204 (154 Males & 50 Females) volunteers donated blood on this day. The Blood Donation Camp on this day was started at 10:00 a.m and continued till around 3:30 p.m. The donation was collected by doctors, nurses and workers from the Blood Bank of Aizawl Civil Hospital.
