

GREEN MIZORAM DAY 2022 (10th June 2022)

NSS Pachhunga University College observed the “**Green Mizoram Day**” 2022 by planting trees saplings at the NSS plantation site (roadside) at Thiak village near Hmuifang below Midum Kham on 10th June 2022. In this program, 47 NSS Volunteers (27 F and 16 M) and 4 Programme Officers participated and planted 29 different trees saplings. The POs and volunteers cleared the area around the trees which had overgrown with weeds. The plastics and trashes in the area were picked up and disposed in the waste dumping site. The stem of the grown trees were painted white to label the planted trees. State Nodal Officer, Dr. Zirliangura also visited the college plantation site and distributed several saplings. The POs are so grateful to the principal for providing the college bus.
