We, the panel of Assessors after thoroughly examining Format-1 (Institutional Data) and Format - II (Departmental) of the Academic & Administrative Audit of Pachhunga University College, have determined the following observations and recommendations.

OBSERVATIONS:

- II. Curricular Aspect: All the departments perform fairly well towards achieving relevant and workable curricula; more involvement in the curriculum design may be worked out.
- III. Teaching, Learning & Evaluation: All the departments are doing very well, documentation and activity records are well maintained.
- IV. Research, Innovation and Extension: Science departments are doing fairly and are engaged in research activities, however, Social Sciences and Humanities Departments are encouraged to enhance their research activities.
- V. Infrastructure & Learning Resources: Well maintained classrooms and infrastructure; all rooms are equipped with ICT apparatus. It is a welcome gesture to observe that faculty members of some departments make monetary contributions to enhance the infrastructure.
- VI. Students Support & Progression: Student support and mentoring through Teacher-Ward system is impressive. However, there are rooms for improvement regarding finding placement/ avenues for further studies.
- VII. Governance, Leadership and Management: There is well established system in place, wherein the hierarchy and management of various programmes are well accommodated. The MIS system may be enhanced for overall quality.
- VIII. Institutional Value & Best Practices: The college, in trying to live up to its motto "Learning and Service" has made endeavours to stretch its arms towards community service. The Village Adoption scheme is commendable as an institutional best practice. It is stressed that in choosing Best Practices, factors like adoptability, transferability and sustainability of the practice must be considered.

RECOMMENDATION:

1. More space required by - Psychology Department (for lab/ store room), Management Stream, Environmental Science
2. Geography Department – laboratory needs upgradation
3. Management – strengthening of faculty urgently required
4. Most faculty members across all departments are actively engaged in research activities. The following departments exhibit comparatively less research output
 - (a) Education (b) Sociology (c) History (d) Economics (e) English (f) Mizo (g) Mathematics (h) Philosophy (UG & PG) (i) Public Administration (j) Commerce
5. College may constitute a suitable body for exploring availability of research project funding agencies (especially for Arts & Humanities)
