

DEPARTMENT OF ENGLISH: PACHHUNGA UNIVERSITY COLLEGE
Organisation of “Special Lecture on Career Prospects” as part of
Diamond Jubilee Celebration:

The Department held the Programme “Special Lecture on Career Prospects” with Mr. Alan Lalthanzara, MCS, Deputy Commissioner on 20th April, 2018. The speaker interacted with the students regarding their future career prospects and, being a literature student himself, the challenges to be faced in higher learning. It was interesting for the students to meet someone in the civil services with an English Literature background and it possibly motivated some of them to think of an alternative career path. The question and answer session was a success with the students. Mr. Alan stressed on the importance of hard work in any field of profession that one chooses to follow. His lecture also touched upon the importance of perseverance and hard work, he reminded the students that there is no overnight success. He shared his experience of looking for a job and his preparation process for the civil services exams. A considerable amount of questions was raised by the students and the esteemed guest was also extremely impressed by the productive session.
