

DEPARTMENT OF ENGLISH: PACHHUNGA UNIVERSITY COLLEGE
Organization of “Rekindling”
Meeting Between Recent Alumni and the Present Students

On 19th December, 2016, the Department organized a meeting between its recent alumni from the past five (5) years and its present students from all semesters at the Seminar Hall, PUC. The programme was chaired by Dr. Lalbiaksangi Chawngthu. The focus of “Rekindling” was to acquaint the present students with the challenges they may face in Higher Learning. The alumni who had attended University, both inside and outside the state talked about the difference in syllabus content and quantity, the work-load, etc. The students reported that the discussion was of great benefit to them. The present students were given a glimpse of what they would be able to achieve after graduating. They were able to ask questions which would help them in a few months, when they would have to seek admission in different institutions.

The Department had looked forward to this programme and had held departmental meetings in order to ensure that the present students benefitted from interacting with their predecessors. The interaction made the students aware of the challenges that they could face, how to overcome these challenges and the reward of working hard for their achievements.
