

DEPARTMENT OF ENGLISH: PACHHUNGA UNIVERSITY COLLEGE
Departmental Cleanliness Drive

The Department organises Cleanliness Drives at least twice every semester during the CCA period. Each semester is allocated two or three teachers-in-charge who help divide the students to clean both Department Rooms, the Faculty Room, the Language Lab and the surrounding areas of the Department.

Students, under the guidance and accompaniment of the teachers, sweep and mop floors, clean windows panes, pick up litter, cut down weeds and collect fallen leaves, and help arrange the Departmental Library books and files.

The Departmental Cleanliness Drive is an important initiative under the Swachh Bharat Campaign to educate the students on the importance of taking care of and cleaning one's surrounding environments, a reminder that each of us is responsible towards making our surroundings cleaner and healthier. CCA attendance is taken at these Cleanliness Drives, and absence without due reason is taken very seriously by the faculty.
