***EDUCATIONAL SYSTEM IN LUNGLENG VILLAGE***

The faculty members and VI<sup>th</sup> Semester students of the Department visited Lungleng village (PUC Adopted village) on 19.4.2017 to conduct a research project titled “Educational System in Lungleng village”.

The faculty members and students were divided into teams and visited the existing educational institutions in the village, i.e. Anganwadi, Primary school, Middle school and High school. Household survey was also conducted by the students who visited around 100 households and conducted interview and questionnaire. The team included all the five faculty members and two Guest teachers as well as twenty five students from VI Semester. All the participants had an enjoyable and productive time.
