***EDUCATION IN DULTE VILLAGE***

The Department conducted a reserach project titled “Education in Dulte Village: Problems and Prospects” in 1.11.2019. The faculty members and Vth Semester students went to Dulte village (PUC Adopted village) and visited all existing the educational institutions to study about the school structure, problems faced and possible prospects. The leaders of the community including YMA, MHIP, MUP and VC were also interviewed to learn about the educational problems faced by the village and future prospects.

Five faculty members and thirty students participated in this programme. One Primary school, one Middle school, one High school and one Private English Medium school were visited and data was collected using questionnaire and interview method. It was an enlightening, informative and enjoyable experience for both the teachers and students.
