

Departmental Visit by Students of Rosebud School

About 50 students of Rosebud school, Ramhlun, Aizawl under the guidance of two teachers of the school paid a visit to the department on 17th February, 2017. The visit was undertaken as an outreach program for promoting science education. The students went through the various laboratory infrastructure and performed simple experiments to understand basic laws of Physics.

ROSEBUD SCHOOL STUDENTS VISITING LABORATORIES OF THE DEPARTMENT

Venue: Physics Department, Lat:23°43'3712"N, Long:92°43'298"E, Time: 2 pm

The visit was supervised by Dr. Lalrinthara Pachuau, Assistant Professor, Physics department, who guided the students around the different laboratory facilities in the department. He also gave demonstration of some of the experiments for the benefit of school students and explained the physical concepts behind them.
