

Research Scholar Seminar

The physics department organized a seminar on 17th July, 2019 to highlight the various research activities being carried out in the department. The seminar was attended by 5th semester students and faculties. The Research scholars – Mr. Muanchhana and Mr. Bhanu Chhetri working under Dr. Lalhriatzuala and Dr. Dibya Prakash Rai respectively presented their research works being carried out in the department.

Research Scholar seminar presentation
