The resource person who happened to be on a visit to Mizoram under the Outreach Program of his institute was kind enough to give a talk on “*Wonderful Nanoworld: nanoscience and its various applications to mitigate the challenges faced by today's world*”. The program was attended by 5th semester students of Physics and Chemistry departments. The students gained an insight into the novel and interesting ideas in the application of nanotechnology in addressing the needs of the people. Teaching faculty from Physics, Chemistry and Geology also attended the program. The talk was followed by discussion and Question & Answer session.
